Who is entitled to the Youth Ticket?

Pupils:

- Valid for pupils up to the age of 24 (= 24th birthday) who receive family allowance and attend a school within the meaning of the Family Allowance. These are primarily public schools or public schools with a public programme.
- Valid for police students in basic training, professional internship I or advanced basic training including service examination (basic police training)
- Valid in conjunction with an Austrian student ID showing name, place of residence and school location (place of residence or school location must be in Vienna, Lower Austria or Burgenland)
- In addition, the free travel regulation in Vienna (up to the age of 24) applies on Sundays, public holidays and during school holidays.

Apprentices or participants in the voluntary social year or environmental protection year:

- Valid in Vienna, Lower Austria and Burgenland, as a route ticket on network lines between place of residence and place of training or vocational school. If the place of residence or training centre is in Vienna, all public transport lines in Vienna can be used.
- Valid for apprentices who are completing training in a legally recognised apprenticeship or participants in the voluntary social or environmental protection year up to the age of 24 and receive family allowance.
- Valid in conjunction with the following proof of eligibility:
 - Apprentices: Vocational school ID card or apprentice ID card.
 - Participants in the voluntary social or environmental protection year: ID card issued by the VOR.

Children up to the age of 6 (i.e. up to and including one day before their 6th birthday) travel free of charge in the Verkehrsverbund Ostregion and do not require a ticket. With Wiener Linien, free travel is also valid until the end of the school year in which the child turns 6. The ÖBB regulations are an exception: Here, the 6th birthday is the cut-off date. Outside Vienna, free transport ends when accompanied by a child who has reached the age of 6.
